## EXPERIENCE

Mentor at **School of Code** · UK Nov 2021 — Jan 2023

- Supported beginner developers through their bootcamp

Software Engineer at **BJSS** · UK Nov 2018 — Dec 2021

- Worked closely with user researchers in high-performing, scaled agile teams to develop complex technical solutions and fulfill business requirements
- Delivered and supported a cross-platform mobile application targeting iOS (device: iPad Pro), powered by serverless technology, digitising a paper-based assessment process and met **GDS guidelines**
- Built a web abstraction over a clinical risk assessment algorithm and making it available for clinicians across England
- Implemented authentication with social identity providers for an online social game
- Took the lead in designing and delivering the responsive qualities of a website using Material-UI

Full-stack Developer at **RightIndem** · UK Feb 2017 — Sept 2018

- Implemented configuration based, white labeled and highly scalable solutions using CQRS event sourcing concepts
- Delivered a green-field product while acquiring the TDD mind-set

Co-founder at **Wraptime** · UK Sept 2016 — Feb 2017

- Developed a cross-platform mobile app with React Native, supported by RESTful API written in Node
- Managed a diverse team and introduced Agile methodologies

.Net Developer at **Branded3** · UK and **ComKnow** · RO

Aug 2015 — Aug 2016

- Built highly scalable enterprise products as well as smaller websites using C#, .Net, MVC, Web API, Entity Framework, HTML5, CSS3 & JQuery
